Sir:

AMENDMENT

Entry of the following amendments and remarks with the attached Request, and the Amendment of June 26, 2000, are requested.

IN THE CLAIMS:

Amend the claims as follows.

E14 55. (Twice Amended) A method of treating a mammal infected with HCV comprising administering an effective amount of a composition according to any one of claims 49-51 and 53 and, optionally, a pharmaceutically acceptable adjuvant.

E2 59. (Amended) A therapeutic [vaccine] composition for inducing HCV-specific antibodies comprising a therapeutic effective amount of a composition comprising an E1/E2
